

## INFINITIVES

Find someone who ...

First, write a question that you can ask for each of the following. Then, walk around the class to speak to different people. Ask one question from each person. Focus on using the infinitive correctly. If the student answers 'yes', write their name down next to the question. Then think of a couple of related questions to ask them → have a mini conversation. If the student says 'no', say 'thanks', and 'bye', and move on to ask a different student. When answering the questions, make sure to answer with complete sentences so that you practice the infinitive.

e.g. A: *Are you ready to go on a vacation?*  
B: *Yes, I'm ready to go on a vacation.*  
A: *Where do you want to go? / Why do you want to go there? What will you do there?*

1. **Is ready to go** on a vacation
2. **Needs to do** laundry soon
3. **Wants to be** a teacher [in the future]
4. Thinks it is **fun to go** dancing
5. **Is prepared to take** the test on gerunds and infinitives!
6. Often goes to the library **to borrow books**
7. **Expects his/her friends to call** her everyday
